

## Service Provider

OurMarts is an e-commerce and advertising company. It provides a secure online platform for all the service Providers to sell and advertise their products just for free. There are many Sugar Factories, Suppliers, and Service Providers etc. who have been registered on this website to fulfil their demands. These companies share their requirement details to OurMarts, then those requirements analyzed by OurMarts team. The contact info of the company send to the concerned registered Service Providers from OurMarts, and its total left to you to convince the particular company by your service's cost and quality.

### ➡ Why OurMarts?

- ❖ **Your sales may be increase and you will not have to search for consumers.**

When you are trading in localized area then your costumers will also limited. But when you registered yourself on OurMarts then visitors (Consumers) of OurMarts will also see your products/services and can purchase it. By doing this the consumers of both companies will increase your profit.

- ❖ **You will able to operate your business from home also.**

When you are on vacation with your family, then your business will be locked for that period of time sales and transaction will be stopped. To solve this problem you can connect from offline to online and sell your services on OurMarts to operate your business from anywhere in the world.

❖ **You will able to target the Global Market.**

Just going to the office will not automatically lead to earn more. This requires a good platform from where you can target the whole world to sell your products but building such a big platform, you need to spend a lot of money. Here is a solution of this problem; you can register itself on OurMarts as “**Service Provider**” to sell your services all over the world while this service is completely free on [ourmarts.com](http://ourmarts.com)

❖ **You can advertise your products on OurMarts without any charges.**

Just opening your own business company will not automatically lead to the attraction of consumers towards your shop and your business may cover the needs of only localized area. This requires advertisements to reach different-different corners of the world. But advertising your company requires a lot of money, here’s a solution that you can register on OurMarts to advertise your services/products/company just for free.

❖ **Your shop will be open on OurMarts for 24x7.**

Growth of business depends upon how much time you spend on it. Being a Supplier you may give the time to your business from at least 5 hours to 8 hours. You ever thought about those customers who has been visited your shop after closing it. To solve this problem you can register on OurMarts, here your products will be shown 24x7 and consumers can buy it anytime. There is no time restriction to sell your services on OurMarts.

## ❖ Shoppers started shopping online.

Because they get a large number of products/services at a same place this reduces their valuable time. Comparison will be more due to the variety of products available there and in a very less time they bought the products. They have faith on certain e-commerce websites like [ourmarts.com](http://ourmarts.com).
